

# What Are You Hoping To Get Out Of Your SLC Experience?

I live for  
Camp. I  
am  
Whammy

seeing the  
campers

Camp  
is Life

seeing  
friends

The  
Lake

To know I've  
shared my  
love of camp  
with others

refresh,  
renew,  
inspire

I am going to camp  
so I can be outside  
everyday. I have  
spent the last year  
trapped inside so I  
need an escape!  
Also I just love camp  
:)

Enjoy  
learning  
from  
children

I like working  
with kids and  
seeing friends

There is  
no other  
choice.

To escape  
from the  
city

It's my  
home  
away from  
home

I love working with  
kids and I want to  
see my old campers  
again and meet new  
ones!

I go to camp for the  
memories I make, the  
friendships I have  
created over the years  
and new friends that I  
want to make, and to  
try new things and  
have new  
experiences.

I miss my  
friends!

Smiling  
Campers

nature, feel the  
happiness of campers,  
use my skills and  
knowledge of  
lifeguarding and  
water safety to instill  
in campers the love of  
the lake and water I  
have, the feeling of  
accomplishment, and  
to keep an eye on my

being away  
from school  
and my phone

i also  
love slc

swimming in  
the lake

# What's Your Superpower?

**Thinking of fun things to do on the spot**

**My superpower is to predict when a dangerous situation might happen and prevent it and keep everyone safe while still being fun**

**A love for Camp, traditions, and Nature incredibleness.**

**My abilities to draw from other experiences and incorporate them in some way at camp**

**My superpower is my ability to connect with any kid I interact with and build meaningful relationships**

**A good listener**

**Calming presence**

**High energy and creativity**

**My ability to notice when something is off with child and address it in a way that they find comfortable**

**Inspiring to try new things**

**Excitement bringer**

How Will You Bring Your Superpower to Camp?

## How Will You Use Your Superpower to Enhance SLC's Mission?

To create a nurturing camp experience in which young people learn essential life skills by being immersed in nature, developing relationships, and exploring Jewish values.

I use my listening skills to validate campers' feelings and de-escalate behaviors

I will keep campers safe in the water while reassuring them and building confidence which will last a lifetime, in both skill and personal presence. They will appreciate their abilities and effort for life.

My superpower of creating and maintaining positive, strong relationships with kids directly relates to camp's mission of developing meaningful relationships

By appreciating every second in camp and transmitting the joy to the campers..

I will try thinking outside the box for new ideas for activities, especially for a covid summer where restrictions will be put in place and limits what we can and cannot do

**Our  
motivation  
and reasons  
for being at  
camp**

**Personal  
Development-  
What we are  
going to work  
within  
ourselves**

**Professional  
Development-  
What skills we  
hoped to  
develop as  
professionals**

**How we  
support  
Camp's  
mission**
